WORK EXPERIENCE

Web Programmer **Sep 2025 - Present**
PT Shidiq Membangun Indonesia **Bogor, Indonesia**

- Contributed to the modernization and expansion of AhsanXpress, a multi-application logistics platform, working across its Go/PostgreSQL backend, Next.js Frontend, real-time delivery systems, deployment pipeline, and operational tooling.
- Built core instant-order capabilities, including Google Maps-based delivery pricing, real-time courier tracking with WebSockets and Redis, driver push notifications, cash and internal-wallet payment flows, courier onboarding and approval, and operational reporting.
- Refactored the inherited Go backend toward a maintainable modular monolith with Clean Architecture and initialized Swagger/OpenAPI documentation for 360+ API routes.
- Restored failed legacy CI/CD, optimizing container builds, implementing automated local and S3 database backups with retention, reducing S3 storage from ~100 GB to ~5 GB (95%), and reducing some Next.js Docker image from 1.3 GB to ~200 MB (~85%).
- Beyond AhsanXpress, developed enterprise finance and correspondence-archiving SaaS products using Next.js, Go Echo, PostgreSQL, Astro, and React, and migrated the company profile from WordPress to Astro + React + Directus CMS.
- Integrated AI coding agents into daily engineering workflows and repository-level AI harnesses to improve development productivity.

IT Staff **Apr 2025 - Jan 2026**
linkupcareer.id **Jakarta, Indonesia**

- Managed HRM, internal email systems, and other internal operational tools to support day-to-day organizational processes.
- Conducted interviews for internship candidates, assessing technical, communication, and management skills.

Software Developer **Mar 2025 - Jul 2025**
Puskesmas Pangkalbalam **Pangkalpinang, Indonesia**

- Built SOBAT HEBAT (Sistem Informasi Pengobatan Agar Tubuh Sehat Bebas TBC), a patient management system for tuberculosis treatment, using Next.js and NestJS.
- Implemented a frontend monorepo architecture with Nx, including Nx Cloud remote caching to improve CI build efficiency.
- Integrated Sentry for application error monitoring and Prometheus + Grafana for backend API monitoring and observability.
- Developed the application as a Progressive Web App (PWA) to improve accessibility and usability, particularly for elderly users.

Fullstack Engineer **Sep 2024 - Dec 2024**
dibimbing.id **South Jakarta, Indonesia**

- Collaborated with the Dibimbing Tech Team to develop an academic management system for Cakrawala University.
- Researched backend technology options and advised the team on choosing between Node.js and Go based on project requirements, use cases, and technical trade-offs.
- Developed the frontend and backend using Next.js and Go Fiber, including an optimized multi-stage Docker build for frontend deployment.
- Contributed significantly to core features including shortlist registration, student biodata management, admin biodata verification, and maintenance condition management.

PROJECTS

AhsanXpress **Oct 2025 - Present**
AhsanXpress is a multi-application logistics platform supporting customer ordering, courier operations, real-time delivery tracking, pricing, payments, and administrative workflows.

SOBAT HEBAT **Mar 2025 - Jul 2025**
SOBAT HEBAT (Sistem Informasi Pengobatan Agar Tubuh Sehat Bebas Tuberkulosis) is a comprehensive system designed for Puskesmas Pangkalbalam to manage and monitor pulmonary patients and medications.

SPMB Universitas Cakrawala **Sep 2024 - Dec 2024**
SPMB Universitas Cakrawala is a web-based admission platform for Cakrawala University that streamlines the student enrollment process.

SKILLS

Programming Languages: Javascript, Typescript, Go.
Frontend: React JS, Next JS, Astro.
Backend: Express JS, MySQL, PostgreSQL, Fiber, Echo, Gorm, Redis.
Devops: Docker, Linux, Kubernetes.

EDUCATION

Informatics Engineering **Sep 2021 - Oct 2025**
Institut Sains dan Bisnis Atma Luhur **GPA:** 3.86
Web Development & UI/UX Design **Feb 2024 - Jun 2024**
Infinite Learning Indonesia

LANGUAGES

Indonesia (Native proficiency) • **English** (Limited working proficiency)
